The Braves Package:

Braves Baseball has been on the air with WGNS since 1982 and we appreciate your sponsorship of the games. The Braves play a game nearly everyday of the week, which equals more air time for your business. Daily games amount to 180-commercials per month on FM 100.5, FM 101.9 and AM 1450.

The Commercials:

When you advertise your business on WGNS, you are in charge of the commercials that we produce. In other words, you can change the spots monthly!

The Investment:

The monthly investment to be a part of the games is \$350. This package is active April through October (World Series).
