

Sunday Religious

programming since 1947

Since 1947, WGNS has aired local religious programming on WGNS each and every Sunday. Over 40,000 broadcast hours have been dedicated to Christian related shows on the Good Neighbor Station since '47.

Today, over 20 churches and/or individuals make our weekly Sunday programming possible. The shows that air on Sunday are listened to on both traditional radio, and also on our streaming apps and through our website.

Two WGNS employees dedicate their time to serving the community by running the computers and board so that local organizations can air their message to help those living in Rutherford County and beyond.

Programs air on FM 100.5, FM 101.9, AM 1450 and via our streaming audio apps.

Sunday (Discounted Rate Time)...
